MEMORANDUM TO ALL

SUBJECT: Fourth of July Holiday Safety

1. As we take a long weekend off to celebrate the founding of our great nation and remember those who defend our precious freedoms, I want each of you to also take the time necessary to keep our celebrations safe.
2. If you're travelling, enjoying pool or beach time, or enjoying a barbeque with friends and family, ensure that you take the proper precautions to ensure a safe holiday. Consider the risks associated with your individual plans and ensure that you have taken the proper measures to mitigate those risks.
3. POV accidents are still the number one killer of DoD personnel. Don't drink and drive, get plenty of sleep if travelling a great distance, and consider using alternate forms of transportation.
4. You are our greatest assets and we cannot accomplish the mission without you. I want to see you all back safe and sound, after celebrating the holiday. Enjoy this great holiday! Be safe!

KEVIN F. GREGORY
