OFFICIAL SAFETY MAGAZINE OF THE U.S. ARMY

THIS WEEK 11-15 JULY 2016

IGNORANCE ISN'T BLISS

One of the bad things about off-roading is you never know when a good time might turn into a nightmare. If you've ever left the relative safety of the asphalt on two, three or four wheels, you know exactly what I am talking about. Here's how my good time went bad.

LOUD AND CLEAR

Combat weaponry, personal and vehicle stereos, and high-powered machinery are just a few of the noises Soldiers are exposed to every day. Excessive noise disrupts sleep, impairs communication and can cause significant noise-induced hearing loss.

A RECIPE FOR SD

Low-risk missions continue to produce accidents. Whether these missions cause crewmembers to conduct less-detailed mission plans or become more relaxed in the cockpit with their peers, pilots must plan carefully and accurately.

DID YOU KNOW?

You asked for it! After multiple requests from the field, **KNOWLEDGE** readers once again have the ability to print entire issues of their favorite monthly online Army safety magazine. Just visit the Knowledge website at <https://safety.army.mil/knowledge>, scroll down to the Print Entire Issue header on the left side of the page and click the link to the month you'd like to print. Your feedback is important to us, so please let us know how you like this new printing feature or to share any ideas how **KNOWLEDGE** can better serve our readers.

SAFETY FEATURE

HERE IT COMES

Alcohol is the leading contributing factor in fatal boating accidents.
Don't drink and boat.

READY ... OR NOT?

Ready ... or Not? is a call to action for leaders, Soldiers, Army Civilians and Family members to assess their readiness for what lies ahead - both the known and unknown.

Throughout our professional and personal lives, events happen all around us. We are often able to shape the outcome of those events, but many times we're not. Navigating life's challenges is all about decision-making.

So are YOU ready ... or not?
