MEMORANDUM FOR ALL GARRISON PERSONNEL

SUBJECT: Veterans Day Safety

1. America's Veterans have served their country with the belief that democracy and freedom are ideals to be upheld around the world. Their unselfish efforts to fight for our country are to be appreciated and celebrated. As we set aside the time to honor these brave men and women on November 11, 2015, please remember that the fight goes on and that each of you are an integral part of the team needed to sustain the fight. I ask that however you plan to celebrate this day you do so with safety in mind. This day is also the first holiday of a long holiday season. As the holiday season approaches, I want to emphasize that my number-one priority during this special time of year is the safety and welfare of our Soldiers, Civilians, and Family Members.
2. Our goal remains no loss of life at any time, but in preparation for the upcoming celebrations, I want us to join in a separate goal of not having a single death or serious injury during the holiday season. The entire chain of command must be totally committed to helping Soldiers, Civilians, and Family Members minimize risks from Veterans Day through New Years Day.
3. Leaders must make a personal commitment to help their personnel incorporate safety into all of their holiday plans. I call on everyone to maintain vigilance on and off duty.
4. Remain vigilant and make this holiday season safe as well as joyful.

TOWNLEY R. HEDRICK
