Squadron Commander

Dear Trooper,

It is with tremendous appreciation, pride, and admiration that I have this opportunity to welcome you to the finest Cavalry Squadron in the United States Army. You have joined an outfit that can draw its lineage back to the American Indian Wars. Soldiers from the 3rd Squadron, 7th U.S. Cavalry have proudly stood ready at every call to defend the nation and our way of life. You are now tied to this history and tradition of service and I applaud you for your contributions thus far and what you will continue to provide in the future.

This Squadron exists to support brigade full spectrum operations through the effective application of reconnaissance and surveillance. When required, we will also conduct offensive, defensive, and stability operations. You are joining a team of highly skilled professionals that absolutely adhere to the principles of leadership, discipline, and respect for others.

Soldiers with Spouses and children can rest assured that I treasure time with my Family and I will do everything I can to support you having time to be with yours. With days in the field and rotations overseas commonplace, we have made good strides in building a strong network to support Soldiers and their Families.

Again, welcome to the Squadron I look forward to adding you to the team of Garry Owen Troopers. If you have any questions about this proud unit or have any specific questions about in-processing and sponsorship please contact the Staff Duty Officer at 912-435-2122.
